

Job Description

Executive Director, Strategic Planning and Investor Relations

At Sesen Bio, we are committed to renewing life for people with cancer. We are a late-stage clinical company advancing fusion protein therapies based on our Targeted Protein Therapeutics platform. Our lead program, Vicinium™, also known as VB4-845, is currently in a Phase 3 registration trial, the VISTA Trial, for the treatment of high-grade non-muscle invasive bladder cancer. Twelve-month data from the trial are anticipated in mid-2019. Vicinium incorporates a tumor-targeting antibody fragment and a protein cytotoxic payload into a single protein molecule designed to selectively and effectively kill cancer cells while sparing healthy cells.

The Opportunity

We seek an Executive Director, Strategic Planning and Investor Relations to be responsible for the development of, and execution on, an integrated corporate and investor relations strategy. The ideal candidate for this role will have in-depth experience in strategy and corporate communications within the healthcare industry broadly and preferably in biopharmaceuticals. In this role, the successful candidate will report to the CEO.

Responsibilities

- Develop the corporate strategic planning process;
- Be responsible for establishing and oversight of company 5-year strategic plan, ensuring alignment of annual objectives and financial plans;
- Drive our corporate communications strategy, key message development and our annual communications plan, working closely with teams internally and external vendors to ensure consistent messaging;
- Be the driver of execution for our investor relations plan, including stock surveillance and targeting, road shows, analyst days and conferences;
- Enhance relationships with sell-side analysts and promote positive sell-side coverage;
- In conjunction with external vendors, create and maintain all communications materials, including press releases, conference call scripts, investor presentations, message and Q&A documents, annual reports, and website content;
- Enhance our media presence through message/pitch development, targeting, and proactive outreach;
- Develop and execute an internal communications strategy to ensuring that, as our organization evolves, our internal communications are consistent with core messages and company values;
- Partner with Human Resources, Information Technology, and other groups to utilize existing and new technologies for achieve our communications goals.

Required skills and competencies:

- Outstanding communicator, oral and written: clear, crisp, insightful, and persuasive
- Ability to create effective visual presentations using PowerPoint
- Strategic and analytical thinker
- Deep knowledge of business and science issues in the biopharma industry

- Financial acumen
- Excellent project and people management skills
- Strong existing network in the relevant investor and media community
- Ability to build alignment around messages and strategy among a broad internal constituency

This role is primarily based in Philadelphia, PA. For the right candidate, there are opportunities to work remotely and come into the office on a regular basis.
